A solar cell, or photovoltaic cell, is an electrical device that converts the energy of light directly into electricity by the photovoltaic effect, which is a physical and chemical phenomenon. It is a form of photoelectric cell, defined as a device whose electrical characteristics, such as current, voltage, or resistance, vary when exposed to ...

6 The Experience of Imprisonment. This chapter summarizes what is known about the nature of prison life and its consequences for prisoners. The dramatic rise in incarceration rates in the United States beginning in the mid-1970s has meant that many more people have been sent to prison and, on average, have remained there for longer periods of time.
