(Third edition) by Stuart Russell and Peter Norvig. The leading textbook in Artificial Intelligence. Used in over 1300 universities in over 110 countries.

Artificial Intelligence: A Modern Approach

The Flammarion engraving is a wood engraving by an unknown artist, so named because its first documented appearance is in Camille Flammarion's 1888 book L'atmosphère: météorologie populaire ("The Atmosphere: Popular Meteorology"). The engraving has often, but erroneously, been referred to as a woodcut.
